

KEEP FRESH AIR MOVING.

Norseman's Portable Blower Duct is a versatile piece of gear for general purpose air movement.

This dual direction duct can be used to keep fresh, clean air circulating in your underground or enclosed job site, to dry out large spaces, or for general remediation.

Its integrated storage sack and carry straps make it easy to store and transport.

Norseman's Portable Blower Ducts are GEAR2PERFORM.

ITEM NUMBER	DUCT SIZE
450958	8" x 16'
