

INTERLOCKING HOARDING TARPS

YOU NEED GEAR THAT IS DESIGNED TO LAST AND KEEPS YOUR CREW SHELTERED FROM THE ELEMENTS.

Your people work tirelessly, and you need advanced jobsite protection to ensure they remain safe and comfortable at your construction worksite. They deserve gear that protects them no matter how extreme the temperature, or how nasty the weather.

Norseman's Interlocking Hoarding Tarps combine sturdy material and innovative craftsmanship to provide rugged, reusable jobsite protection.

- Heavy-duty fabric allows use over multiple projects, saving you time and money while also reducing waste.
- Interlocking design prevents gaps that allow the elements in, further shielding your crews from weather hazards.
- Aggressively reliable gear that will ensure your jobsite remains the high-performance arena that you need it to be.

Your team and your equipment are protected from the elements and have access to a comfortable worksite, allowing them to outwork and overachieve. **Norseman's Interlocking Hoarding Tarps are GEAR2PERFORM.**

GEAR POINTS:

Features specifically designed to ensure Norseman Gear outperforms on your next jobsite.

PROTECT

Innovative, four-sided interlocking design maximizes strength while heavier fabric offers extreme protection from the elements.

WITHSTAND

Interlocking panels reinforce strength, preventing damage in high winds. Durable construction and material allows reuse, reducing jobsite waste and saving you money.

RESIST

Resists flames and mildew and is water repellent.

FIT

Interlocking tarps can be customized to fit your specific needs.

DELIVER

A cable system allows movement of the tarps vertically between floors. Norseman's Interlocking Hoarding Tarps deliver performance, every time.
