

NORSEMAN SITEPRO S-SERIES MEDIUM DUTY TENT

NORSEMAN SITEPRO S-SERIES MEDIUM DUTY TENT. STRONG. LIGHT. PORTABLE.

Construction sites come with high demands: the work is fast-paced and continues through unfavourable conditions. Our welding and utility tents keep your crew working safely and comfortably through harsh weather. Norseman's SitePro S-Series is a lightweight, compact and efficient welding and utility tent that can be used in a number of applications. Fabricated with 14 oz, high tear, flame resistant fabric, the SitePro S-Series tent is designed for easy set-up and transportation, and long-lasting use.

Applications

Provide a quick & easy set up shelter to protect workers & equipment from harsh weather conditions

Features

- Corner lifting lugs for easy movement of the tent using a picker or lift.
- Conveniently packed in a carrying case or easy storage and transport in a pickup truck.
- Walls and roof open for ventilation of any hazardous welding fumes.

Specifications

- The frame is made from aluminum which is lightweight and rust-resistant.
- Able to withstand high wind and snow loads when anchored to the ground.
- The reinforced orange strip on corners and door for high visibility safety identification.

Norseman SitePro S-Series Medium Duty Tents are **GEAR2PERFORM**.

GEAR POINTS: Features specifically designed to ensure Norseman Gear outperforms on your next job-site.
